FARM WINDBREAK

USE AAA PAYMENTS TO HELP PLANT TREES

The 1942 AAA program offers **\$15.00** for tree planting (\$7.50 per acre for 2 acres) in addition to all regular AAA payments including those made for planting trees to meet soil building goals.

COMPLETE TREE PLANTING DETAILS will be furnished by your Co. Agent, Co. AAA Committee, or local conservation committee.

1941-1942 Catalog sent on request
limited supply

If you wish to plant more than 2 acres of trees, you can do so and collect for them by diverting your regular soil building goal payments to the planting of trees.

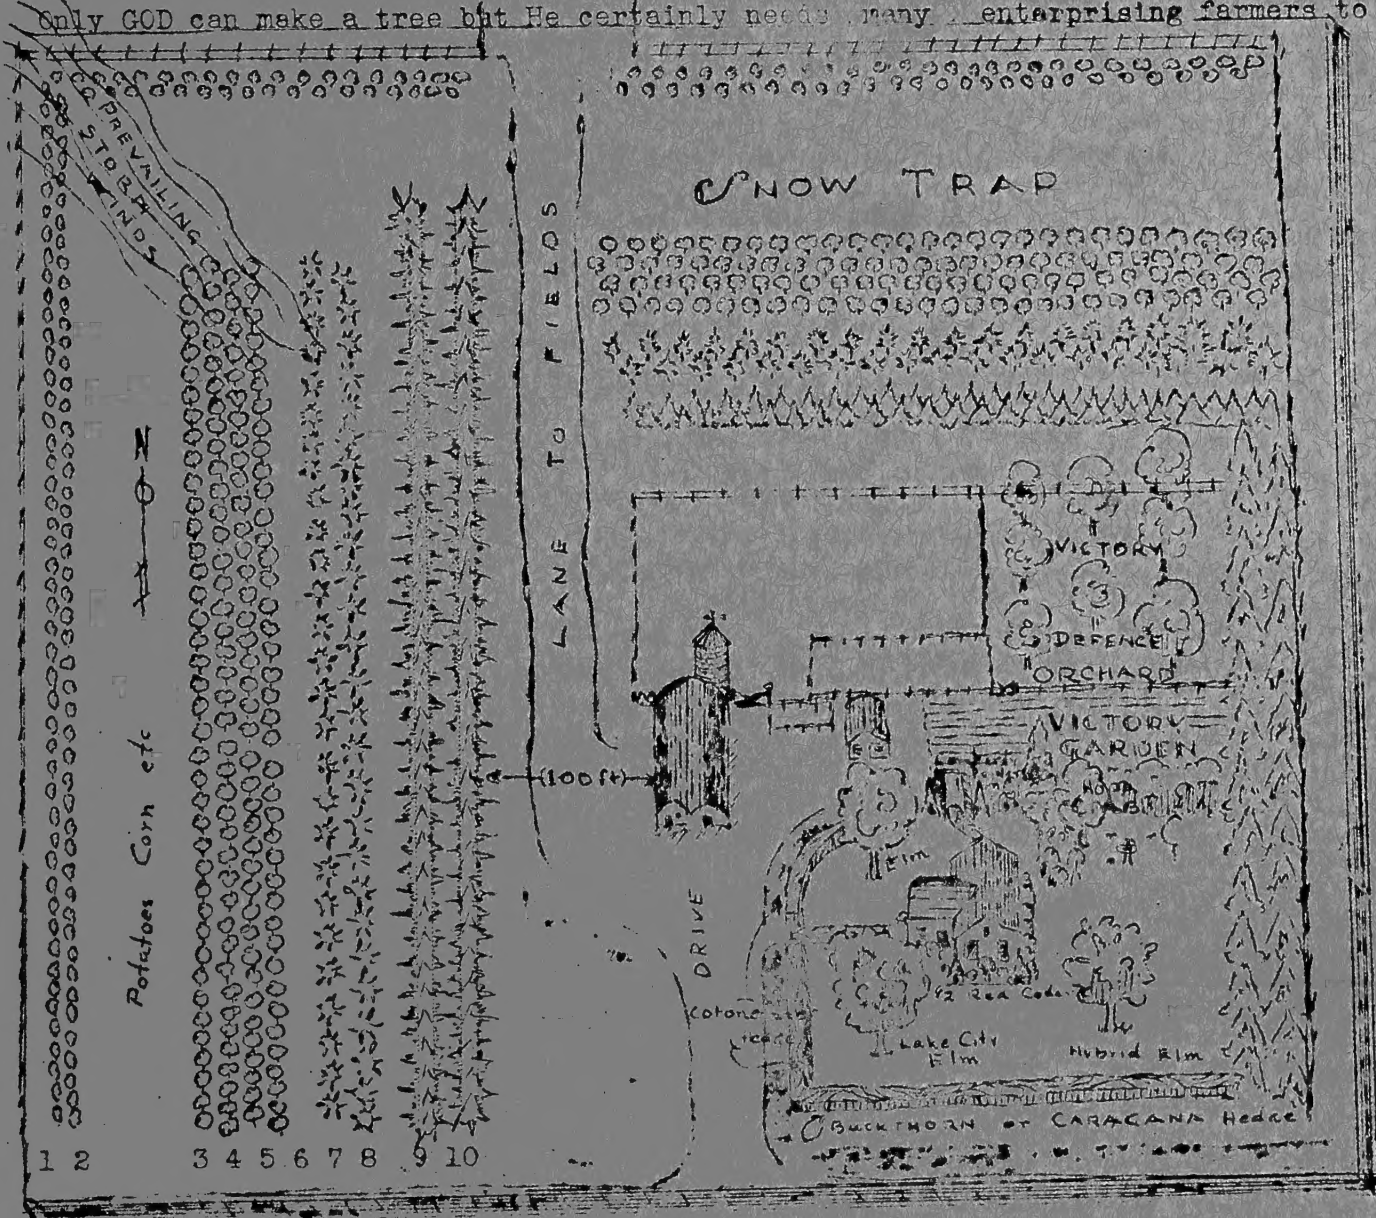

EXAMPLE; If your regular soil building payments total \$75.00, you can add the \$15. to that making \$90.00 you collect on tree planting of 12 acres of ground. But you must follow one of the 3 requisites as found to the right of this column.....

HOW MANY TREES YOU MUST PLANT PER ACRE.

- (1) 650 trees and shrubs an acre for forest purposes or 350 trees (and shrubs) AND 800 tree nuts (including only black Walnut, Butternuts, Hickory nuts and Acorns) inter-planted with the trees.
- (2) 300 trees and shrubs per acre for regular wind-break and snowcatch as per plan below.
- (3) 2000 tree nuts (as above only) planted for forest purposes.

A MODEL WINDBREAK For FARM DEFENSE

Only GOD can make a tree but He certainly needs many enterprising farmers to help.

SWEDBERG NURSERY

IN THE HEART OF THE LAKE REGION

BATTLE LAKE, MINNESOTA

(Ottortail Co.)

The Swedberg Nursery will cooperate with you in every way they can to see that you get good healthy northern grown trees to plant on your farm this spring. Their stock is larger than ever but the demand is great so give them your order early.
